

**Raj:** Hello?

**Siri:** Hello.

**Raj:** What's your name?

**Siri:** My name is Siri

**Howard:** Look at that! There's finally a woman in your life that you can talk to.

**Raj:** Are you single?

**Siri:** I don't have a marital status if that's what you're asking.

**Raj:** You're right, that's too personal. We hardly know each other. How about a cup of coffee?

**Siri:** I've found six coffee shops. Three of them are fairly close to you.

**Raj:** I will see you gentlemen later.

**Howard:** She's gonna break his heart.

**Raj:** So... Siri... What's happening? How are you?

**Siri:** I am well.

**Raj:** What're you doing right now?

**Siri:** What am I doing? I'm talking with you.

**Raj:** You've a beautiful voice.

**Siri:** Thank you. It's nice to be appreciated.

**Raj:** I bet it is. Why don't women like me?

**Siri:** Let me check on that. How about a web search for "why don't women like me"?

**Raj:** No need. I've already done that. Siri... do you have a last name?

**Siri:** My name is Siri.

**Raj:** Oh... One name... like... Cher, Madonna, Adele, all the women who rock me. My name is Rajesh but you can call me Raj.

**Siri:** Would you like me to call you Raj?

**Raj:** I'd like you to call me "Sexy".

**Siri:** From now on I'll call you "Sexy", ok?

**Raj:** Ok!

**Raj:** Siri, I'm in the mood for gelato.

**Siri:** I've found ten restaurants whose reviews mention gelato; seven of them are fairly close to you.

**Raj:** Thank you, darling.

**Siri:** You are most certainly welcome, Sexy.

**Sheldon:** Well done, Dr. Koothrappali.

**Raj:** I'm sorry?

**Sheldon:** You've taken a great evolutionary leap by abandoning human interaction and allowing yourself to romantically bond with a soulless machine! Kudos

**Raj:** I haven't bonded with it!

**Sheldon:** Oh, no, of course, I understand! You're afraid the world isn't ready for your taboo love. Your secret's safe with me. It's just a phone.

**Raj:** Dinner is almost ready.

**Howard:** Great!

**Bernadette:** Oh! It smells amazing in here.

**Howard:** What are we eating?

**Raj:** And exotic little treat. I was just talking to Siri about picking duck and she said she knew about four Chinese grocers, two of them which are fairly close to me. Her spontaneity is contagious.

**Bernadette:** Who's Siri? Is he dating somebody new?

**Howard:** Yes, he's phone.

**Bernadette:** Is that cute or creepy?

**Howard:** Aha.

**Raj:** Can I pour you some wine? I think you'll enjoy it. The traditional choice with Peking duck is a Sauvignon Black, but Siri suggested an off-dry Riesling. I wasn't sure... but I didn't want to have an argument with her in the middle of Trader Joe's. Now... what should we put Siri in for dinner? Leopard, sparkles or, to paraphrase Coco Channel, "you can never go wrong with a little black case". Siri, play some smooth jazz.

**Siri:** Playing smooth jazz.

**Raj:** Oh my God! Kenny G? This woman can read me like a book! I can't believe I bought my soul mate at Glendale Galleria.

**Bernadette:** I don't know if I want to stay.

**Receptionist:** First door on the left.

**Raj:** Thank you.

**Siri:** Dave, I've found six vacuum cleaner repair shops in your area, four are fairly close to you. Hello Sexy, what can I help you with? If you'd like to make love to me just tell me.

**Raj:** Gr gjr

**Siri:** I'm sorry, I don't understand "gr gjr".

**Raj:** No!
